SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Testing and Debugging
- Critical Thinking

TECH SKILLS

- Python
- Java
- C / C++
- Data Structures
- SQL, MySQL
- HTML / CSS
- Javascript

LANGUAGES

- English
- Hindi
- Marathi

PROFILE

Motivated Computer Science student seeking an internship to apply academic knowledge in software development, enhance technical skills, and contribute to innovative projects.

EDUCATION

Genba Sopanrao Moze College of Engineering, Pune

BE | Artificial Intelligence and Machine Learning

2023 - 2026

CGPA: 8.70/ 10.0

Government Polytechnic Pune

Diploma in Information Technology

2020 - 2023

Percentage: 79.73%

Versatile School

Secondary School

Completed in 2020

Percentage: 88.40%

EXPERIENCE

Student Intern (Offline)

JULY 2022 - SEPT 2022

Implemented alterations and enhancements on multiple live projects in domains such as web design (front-end: HTML/CSS, Bootstrap) and back-end (JavaScript). Analyzed code and corrected errors to optimize output. Coordinated testing and validation procedures through SDLC.

Software Developer Intern (Online)

JAN 2025 - FEB 2025

Gained hands-on experience in the field of software development. Worked closely with NEUAILABS experienced team to learn and contribute to the development of cutting-edge technologies.

PROJECTS

IOT Based Smart Health Monitoring System

Developed an IoT-enabled health monitoring system to collect and analyze real-time health metrics (e.g., heart rate, blood pressure, temperature) from wearable sensors

Classification & Captioning of Aircraft Damage using ML

Developed a NLP based system to classify aircraft damage and generate descriptive captions using VGG16 for image classification and Transformer-based captioning models.

Sentiment Analysis for Amazon and Yelp Reviews

Developed a machine learning model using Logistic Regression to classify Amazon and Yelp reviews into positive, negative, or neutral categories.
